## **Teacher's Comments from the 2003 Eco-X:**

**“We are so very appreciative of your program being part of our school, thank you to all of your sponsors who support this very valuable program” - Fox Valley**

**“Keep up the good work – If we are part of the problem maybe we can be part of the solution”**

Sidney Street School – Maple Creek, Grade K

**“The presentation was very well organized. The presenters worked as a team. Their cooperative team approach modelled the team approach needed to conserve our environment” - Success, Grade K-1**

**“Very enthusiastic – Very entertaining - One of the best groups to come to our school” - Cabri, Grade K**

**“It was a wonderful learning experience for the students” - Golden Prairie, Grade K-2**

**“My grade 2's remembered a great deal of the information presented – WOW!” - Burstall, Grade 1-2**

**“Your high energy, enthusiastic balanced program is superior! Thank you for the respect to all stakeholders in the prairie ecosystem region. My kids are enthusiastic to do our “eco” unit in science now” - Leader, Grade 4**

**“This was one of the best presentations that we've had - action packed, enthusiastic, fun!” - Cabri, Grades 4-5**

**“Excellent! Awesome! Well Done! Loved the Creativity!” - Sidney Street School – Maple Creek, Grade K**

**“Would love to see the Program offered again” - Abbey, Grades 5 & 6**

**“Well thought out. Well rehearsed. Well Done!” - Sidney Street School – Maple Creek, Grade K**

**“Fits my science unit right now perfectly. Very organized – great” - Sidney Street School – Maple Creek, Grade 3**

**“The methods of developing understanding of various aspects of the eco-system worked very well. ‘Ecosystems’ is a core unit of Grade 6 science, so this was particularly useful to us” – Leader, Grade 6**

**Great Job! Including all ages in a presentation was wonderful.**

- Sidney Street School – Maple Creek
