Expanding the Conservation Tool Box: Recent Partnership Initiatives by NCC

Native Prairie Restoration & Reclamation Workshop 2020
Conservation Urgency

• Continued conversion of native habitat
• Threats to biodiversity
• Nature disconnect
• Limited budgets
Partnership Benefits

- Shared Expertise
- Shared Resources
- Coordinate Efforts
- Develop Innovative Solutions
- $$$
Conservation Volunteers & Engagement

- Conservation Volunteer Program
- Learning the Land Program
- Property Watch
Marketing Partnerships

Conservation Planning

Open Standards for the Practice of Conservation
Version 3.0 / April 2013

1. Conceptualize
- Define planning purpose and scope
- Identify stakeholder needs and goals
- Identify critical results
- Develop key conservation strategies

2. Plan Actions and Monitoring
- Develop goals, strategies, assumptions, and objectives
- Develop monitoring plan
- Develop operational plan

3. Implement Actions and Monitoring
- Develop work plan and timeline
- Develop and refine budget
- Implement plans

4. Analyze, Reuse, Adapt
- Prepare data for analysis
- Analyze results
- Adapt action plan

5. Capture and Share Learning
- Document learning
- Share learning
- Expand learning environment

The Conservation Measures Partnership (CMP) is a consortium of conservation organizations whose mission is to advance the practice of conservation by developing, testing, and promoting principles and tools to effectively assess and improve the effectiveness of conservation actions.
