

Native Prairie Speaker Series

Title: Identifying the Big Weeds

Speaker:

Melanie Toppie, South of the Divide Conservation Action Program Inc (SODCAP) and Frenchman-Wood River Weed Management Area (FWRWMA)

Presentation Summary:

There are many weeds that plague our province and the surrounding provinces and states. I will go over the identifying characteristics of some of the main species that can be found, or to watch for, in Saskatchewan.

About Ms. Toppi:

Melanie Toppie is a Biologist with South of the Divide Conservation Action Program Inc. (SODCAP) and the Frenchman – Wood River Weed Management Area (FWRWMA). Melanie has two diplomas in Fish and Wildlife from the Sir Sandford Fleming College School of Natural Resources and a Bachelor's Degree in Biology from Trent University. She has over 15 years experience working in the field of biology. Melanie has been working with SODCAP and FWRWMA for three years in Southwest Saskatchewan where she maintains and enhances the relationships between different entities in regards to invasive weeds.
