Native Prairie Speaker Series Webinar

Speaker:

Sheri Monk, Snakes on a Plain

Presentation summary:

Conserving Canada's most misunderstood animals and the habitat they need to survive.

About Sheri:

In 2007, Sheri gave up a media career in Winnipeg and moved to Maple Creek to work at a small-town newspaper in order to be closer to rattlesnakes.

Now based in Redcliff, Alberta, her passion for the prairies has evolved into both a public service and a business. Learn how fear and loathing can be turned into understanding and respect for one of the most vilified and vulnerable animals on the Great Plains.
