# Native Prairie Speaker Series *Webinar*

**Speaker:**

Hannah Wilson, MSC Candidate, University of Regina

**Presentation summary:**

A brief introduction to our local bats, the science behind distress calls, and how/why our bats might react when they hear them.

**About the Speaker:**

Hannah Wilson is a student at the University of Regina studying bat behavior. She graduated from UC Berkeley in 2018 with a BA in Integrative Biology and spent some time working in China and Oklahoma before moving back to Canada to begin her MSc.
